### Amkette unveils Wireless Optical Trackball Keyboard

Amkette announced for the first time ever in India, the Wireless Optical Trackball Keyboard. This feature rich keyboard makes a professional's dream, to be a couch potato, come true. This device is a bliss of ergonomics and been designed specifically to keep you off the working desk as and when you want to relax. With 2.4GHz wireless technology for precise keyboard and trackball commands, the WF-301 works up to a distance of 10mtrs. The full-size unit is Windows 2000/ XP/ Vista/ 7 as well as MAC OS X & Linux compatible. A space-saving trackball allows easy 360-degree navigation for gamers in the family. Offering low profile keys and

multimedia controls, the wireless keyboard is ideal for professionals in different sectors like BFSI, Art & Direction, Media centers etc. It's sleek & elegant design adds a look and feel of sophistication no matter where it is used. "Our WF 301 keyboard provides the ultimate convenience for not only general usage, but also for anyone operating in an office" commented Rajiv Bapna, Director, Amkette.. "Plus, the lightweight and stylish keyboard offers mobility and comfort wherever you type. The different hotkeys give you quick access to some of your most common tasks such as E-mail access, volume control, and launching your Web Browser at the push of a button."
