Micro SD Card

Amkette, the leaders in digital storage and lifestyle peripherals category has launched a Micro SD card with a USB card reader. The reader is designed with a USB connector and a memory expansion slot that accepts a micro SD card. If you combine it with a micro SD card and you have got the best mobile gear for your phone. This mobile-ready reader eliminates the need to carry additional USB transfer cables and the typical wait for Bluetooth technology slow file transfers between phones and PCs. Prices range from Rs.450 to 750.
